### EXAMINING ORE

### WITH A BEER MUG

Judge Diehl yesterday took under advisement the case of John Carey of the Court saloon on State street, charged with selling intoxicating liquor on Sunday. The evidence showed that Sergt. Hempel found Carey and a man named John Bryan in the saloon about 10 o clock inst Sunday night, with a glass half-filled with beer on the bar between them, when the officer arrested Carey and took possession of the glass of heer. Carey claimed that they had gone into the saloon to examine a piece of ore belonging to Bryan and the inference was that the glass was being used for that purpose. Bryan confessed that he took a seitzer. Attorney Ingebretsen, for the defense, contended that Carey was simply quaffing a little juice of hops beneath his own vine and fig tree, and that the case should be non-suited, but the court wanted time to consider the intent of the accused, under the evidence. elsement the case of John Carey of the

### THE DRIFT OF POLITICS.

"Of course an appointee of the Mayor cannot be paid until the appointment is confirmed by the Council and the payroll is approved," remarked an attorney, "and the Mayor certainly understands this as well as any one else or he would not now be calling on the Council to give him relief through an ordinance. He has undertaken to carry out some campaign agreetaken to carry out some campaign agreements, it seems, at the expense of the taxpayers of Salt Lake city, and finding his way blocked by the Republican majority, he seeks an avenue through the authority of a new ordinance. Without this his appointees cannot be paid unless the Republicans should lie down and permit the Mayor to have his own way in everything, and it is my judgment that there is not a member of the majority who will think of doing such a thing for a minute."

The ordinance referred to in the fore-The ordinance referred to in the fore-going statement was introduced at the last regular meeting, and it is reported that it is the purpose of the Mayor and his friends in Council to attempt to secure its plassage at the next meeting under sus-pension of the rules.

The effect of the ordinance is to give to the Mayor alsoque authority to make any

The effect of the ordinance is to give to the Mayor absolute authority to make any appointment whatsoever, so long as it does not conflict with the laws now in force touching these matters. The presentation of the ordinance is held to be an admission on the part of Mayor Morris that his boasted authority to discharge and to employees and to fill all vacancies is not borne out by the law.

The proposed ordinance specifies the salaries which several of the heads of departments shall be paid, and also the rate of pay for the employees, and authorizes the Mayor to make such appointments "by and with the consent of the Council," all of which seems eminently fair, were it not

and with the consent of the consent and of which seems eminently fair, were it not for the power the ordinance gives to the Mayor to discharge an employee and to fill

Under the ordinance, it is held, the Mayor could remove either of the officers specified or the employees and appoint a man to the vacancy, who would be entitled to pay for his services whether confirmed by the Council or not. The purpose of the ordinance is so apparent that it may be said to be purely partisan, for it completely forestalls the majority in Council and gives to the Mayor dictatorial power.

Council and gives to the Mayor dictatorial power.

The ordinance provides that "such appointments shall not be made for any definite time, and any person appointed under the provisions of this ordinance may be discharged by the Mayor." In other words, it is claimed, the Mayor may create vacancies at will and section 8 of the ordinance enables the Mayor to keep all vacancy appointees in office indefinitely and with pay.

Here is how it reads: "That in case any vacancy exists in any office or employment under the city, pending the confirmation by the Council of the appointee of the Mayor thereto, the Mayor may appoint some person to fill said office until an appointee of the Mayor thereto is confirmed, and in such cases such emergency appointee may occupy said office of employment, perform the functions thereof and be entitled to the emoluments thereof until a regular appointee of the Mayor to such office is confirmed."

Briefly stated, the ordinance above referred to places in the hands of the Mayor power to discharge the City Engineer, the Land and Water Commissioner, the Health Commissioner, the Superintendent of Water-Works and the Supervisor of Streets, together with the various employees of these departments, and to name for an indefinite time their successors and keep them on the payrolle, regardless of the consent of the majority of the Council. At the will or caprice of the Mayor any good official or employee may be removed and his place filled without respect to the fitness of things, and Council is powerless to interfere.

William Randolph Hearst may think he

william Randolph Hearst may think he can deliver the Utah delegation to himself by supplying State Chairman Cannon's newspaper with pictorial supplements, but there are a few Sait Lake Domocrats who must be treated in a more serious manner. The Democrat who has been out of a job for cipht years or more and who has heard of the New Yorker's campaign barret will stand for nothing short of a pass to the lunch counter. They are no longer open to the influence of the "Alfonse and Gaston" stories. What they want is pic, and pie they will have whether it comes from the "money and morals" wing of the party or from the "reorganizers." And all stories to the contrary, it may be set down as a fact that Utah is still open to engagements. Mr. Tarpey's work has not been a sweepling success.

While he is in the East flirting with the Hearst boom Chairman Cannon is letting the reorganizers in Utah get in some work that is too heavy for the local friends of the New Yorker, even when supported by the gentieman from California. The spirit of ex-Congressman Roberts' burled political ambitton, is said to be camping on the trail of the "money and moral" Democrats, and it refuses to down.

Mayor Morris's "saving clauses" in his patronage ordinance may have been inserted in the hope of catching the Republican Councilmen napping, but he is doomed to another disappointment. In the language of a distinguished citizen "That ordinance in effect makes it unnecessary to have Council's consent in anything that it covers. The Mayor is all powerful." And the Republican Councilmen do not purpose having it that way.

Mayor Morris probably wants his new "pie counter" ordinance passed so that he may square himself with the labor leaders.

### SAN PEDRO MAY GET COAL FROM SANPETE VALLEY

(Special to The Tribune.)

EPHRAIM, Feb. 26 .- An important deal is under way between the Sanpete Valley and the Los Angeles railway companies, through which it is probable that within a few weeks the San Pedro system will receive its coal supply from the Morrison mines, located at Sterling in this county. During the past week the Sanpete Valley company has shipped daily two carloads of coal to Nephi, where it is transcried to the San Pedro line. The coal is being tested on the San Pedro engines, and if the product meets the necessary requirements, contracts will be let to the Sampete Val-ley for the supply of fuel for the Sam E. A. "I Had a Very Bad Case, Constantly Growing Worse, I Could Neither Eat Nor Sleep and Looked Like Death. Nothing Helped Me Until I Began Taking Duffy's Pure Malt Whiskey; 6 Bottles Completely Cured Me."-J. E. WILLIAMS, 1825 E. Main st., Richmond, Va.

Nine cases out of every ten of throat, lyng, stomach and nerve trouble begin with Catarrh of the head. Duffy's Pure Malt Whiskey is the one swift, positive catarrh germ killer that cures without had after effects. It's prescribed by over 7609 dectors and used in more than 2000 leading hospitals because of its effectiveness and absolute purity. Catarrh is a blood disease.

Mr. Williams, in his letter, goes on to say: "I had been a sufferer with catarrh for a very long time. It had affected my throat seriously. I was never free from headache and the discharges were extremely annoying. I lost my appetite and became listiess, weak and thin. Peopley I manner of salves, ointments, snuffs and

Good; and My Whole System Seems

"I have to work over thirteen hours a day, but now have none of that tired, played-out feeling I used to have. I am hearfer and in all-round perfect health, thanks to Duffy's Pure Mait Whiskey."

This is just exactly why Duffy's cures where all other treatments fall. It goes right to the root of the trouble and purifies the circulation, guiets the nerves, strengthens the heart's action, brings into play all the vital forces, and enables you to get from food all the nourishment it contains. It replaces diseased tissues and builds up a strong, healthy body, firm muscles and clear brain—it renews the system.

Cures and prevents catarrh, coughs, colds, grip, bronchitts, asthma, pneumonia, pleanrisy, consumption and all diseases of throat and lungs; dyspepsia, indigestion and every form of stomach trouble; nervousness, maiarla and all low fevers. It is invaluable to all weakened, wasting, diseased conditions, no matter

CAUTION — When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous dealers, mindful of the excellence of this preparation, will try to sell you cheap imitations and malt whiskey substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure Malt Whiskey which contains medicinal, health-giving qualities. Duffy's Pure Malt Whiskey is sold in sealed bottles only; never in flask or bulk. Look for the trademark, the "Old Chemist," on the label, and be certain the seal over the cork is unbroken. # A GRAVEYARD COUCH

# Dr. Bull's Cough Syrup

is the best remedy for all kinds of throat and lung trouble. It has proved itself infallible for bronchitis and influenza, and will cure a cough or cold in a night. Dr. Bull's Cough Syrup has cured many people after they were given up by doctors to die, and it has saved more lives than any other similar remedy. Dr. Bull's Cough Syrup always cures.

"I suffered with a cough, a tickling in the throat and a smothering feeling and difficulty in breathing, and people said I had consumption. I used Dr. Bull's Cough Syrup on the recommendation of my druggist, and I take pleasure in stating that this old reliable remedy cored me. I am a farmer and exposed to all sorts of weather, so I am frequently attacked by coughs and colds, for which I always use Dr. Bull's Cough Syrup and recommend it to others for the same purposes.' F. J. Hoult, Hobson, West Virginia.

Mr. Edward Dill, No. 855 Mechanic Street, Camden, N. J., writes: "I had a bad attack of the grippe, which left me with a very bad cough that settled on my lungs. I could not rest for the hard coughing and the doctor gave me medicine but it did me no good. I started to take Dr. Bull's Cough Syrup and it helped me at once. I continued taking it and it cured me of the worst cough I ever had."

SUBSTITUTES HURT YOU. When a person is sick, trifling is dangerous. If the taking of proper medicine is delayed, serious and not infrequently fatal results follow. Herein lies the danger of permitting unscrupulous druggists to sell you substitutes for Dr. Bull's Cough Syrup. Substitutes are nothing more or less than mixtures that cannot be sold on their own merits, for the reason that they are generally worthless. Ask for the old reliable Dr. Bull's Cough Syrup, and see that you get it. Be sure that the trade-mark, a Bull's Head is on the package. At all druggists, 25c., 50c. and \$1.00.

### OZEANA. OR FETID, BAD SMELLING

DR. A. J. SHORES.

CATARRH. Some Information Purely and Simply for the Benefit of Suffering Humanity Given by Drs. Shores, the People's Doc-

Ozeana is a form or stage of Catarrh that for centuries has been the subject of much dispute. and is one of the most difficult conditions to cure. In ancient times one unfortunate enough to a sufferer from it was excluded from the privileges of priesthood, and in more modern days it has actually been ruled sufficient ground for divorce. It is known under a host of names, such as dysodia, rhinostenose, coryza foe-tida, fetid catarrh, dry catarrh, stingmase, punnishe, rhinitis atra-phica, rhinitis traphica foetido, etc., but the most fitting of all appolations is perhaps the ancient one ozaena, which, in Greek, sig-nifies a stench, and applied, means bad-smeiling catairh.

It occurs in all diseases of the mucous membrane of the nose where there is an ulceration and catarrhal poison from neglect or mistreatment, eats through the nucous surface and causes death or rotting away of the bone. It may result, too, from single cold care and treatment is not used to keep the mucous lining of keep the mucous lining of the throat and nose clean and healthy. While it is not necessary that every case of simple catarrh should result in this horrible condition—oxeana—it is an absolute fact that oxeana or "stinking catarrh" is always the sequel or legacy of neglected or, what amounts to the same, badly treated simple catarrh.
